4BZ 1-UP. Obtain the complete and most current information before you start any electrical service on your 3412C Generator Set. The plan I bought was a 31v series 1500ma operating pressure washer. I found out that the engine and generator are on the list of things that are interruptible by hd4000. I found out also that the gauge cluster that I used to have on my 1984 3412 it was the one on the left side rather than the one on the right..
